Re: Holiday Season — What We're Focused On

Hey everyone,

The holiday season is here and things are about to get busy — which means this is our moment to shine. Here's what we're focused on as we head into the most important time of the year.

Personalized Service

Our clients come to us because they trust us with their dogs. Before every appointment, take 30 seconds to check the notes — know the dog's name, their preferences, any sensitivities, and what was done last time. When a client walks in and you already know their dog, it shows. That's the difference between a transaction and a relationship.

Offer the Upgrade — They Want It

The holidays are when people want their dogs looking their absolute best. Clients are more open to spa upgrades right now than at any other time of year. Don't be shy about offering — you're not upselling, you're giving their dog the full experience. And remember: upgrades mean higher commission for you too. Everyone wins. See the attached Spa Upgrades reference on the next page.

Exceptional Customer Experience

From the moment someone walks through the door to when they pick up their dog, every interaction matters. A warm greeting, a quick update mid-groom, a genuine send-off — these things are small but they add up. This is the season when people are stressed and busy. Be the highlight of their day.

Take Care of Yourselves

We know this season can be exhausting. Eat well, get your rest, and don't come in sick. We need everyone healthy and at their best. If you're feeling run down, communicate — we'll figure it out together.

Rebook Every Client, Every Time

This is the most important thing you can do right now. Every dog that comes in today is a dog that needs an appointment in December and January. Those books fill fast. When you rebook at checkout, you're doing the client a favor and setting us up for a strong start to the new year. Make it a habit, every single visit.

Safety First — More Dogs Means More Awareness

With higher volume than any other time of year, the smallest lapse in protocol can become a serious incident. Know these rules cold and follow them every single time.

- Never leave a dog unattended on the grooming table — always use the loop.
- Never leave a dog unattended in the tub.
- Dogs must always be on a lead when moving through the store — no dog roams freely, ever.
- Never leave a dog in a kennel with a collar or leash on — strangulation hazard.
- All doors to the back must remain closed at all times — no exceptions.
- If a dog shows stress, aggression, or discomfort — stop immediately and get a manager.
- Any injury or incident gets documented and reported to management before the client is called.
- ■ **Drying kennels must be supervised at all times. NEVER place a brachycephalic breed in a drying kennel. This includes: French Bulldogs, Pugs, English Bulldogs, Boston Terriers, Shih Tzus, Pekingese, and Boxers. These breeds cannot regulate heat and are at serious risk of overheating. Use a hand dryer or HV dryer only.**
- No appointment is worth a preventable incident — speak up if something doesn't feel right.

We're grateful for each one of you. Let's make this our best holiday season yet.

Spa Upgrades — Quick Reference

Know these. Offer these. Every appointment.

■ Blueberry Pie Facial

Nourishing tear stain elimination and fur purification treatment. Promotes a healthy, glossy coat.

Also included in Diamond Dog and Happy Barkday — mention this when upselling those packages.

■ Diamond Dog

Brightening shampoo and conditioner that leaves the coat shinier, brighter, and softer than ever.

■ *Includes Blueberry Pie Facial + Teeth Brushing — remind clients they're getting both when you pitch this one.*

■ Hairy Beast

All-natural de-shedding shampoo and conditioner. Reduces shedding by up to 90% while enhancing coat health and shine.

Perfect pitch for heavy shedders, especially heading into winter.

■ Plush Pup

Smooth, silky coat treatment using enriched shampoo and conditioner with keratin, crambe, and moringa oil. Deep hydration for dogs with dry or dull coats.

■ Teddy Bear

Maximum volume and nourishment with shampoo and conditioner infused with keratin, wheat proteins, and love. Great for fluffy breeds.

■ Happy Barkday

Birthday bandana + teeth brushing + blueberry pie facial. Perfect upsell any time a client mentions their dog's birthday.

A note on Diamond Dog: Clients sometimes don't realize the Blueberry Pie Facial is already included. When you describe Diamond Dog, lead with that — *"it comes with the brightening treatment AND the blueberry facial AND teeth brushing."* That's what closes the upgrade.
